Turner High School  
Kansas City, Kansas  
Volume 39  
Published by the Turnerite staff

i remember all the good times,  
few of the bad, all the laughter,  
few of the tears . . .

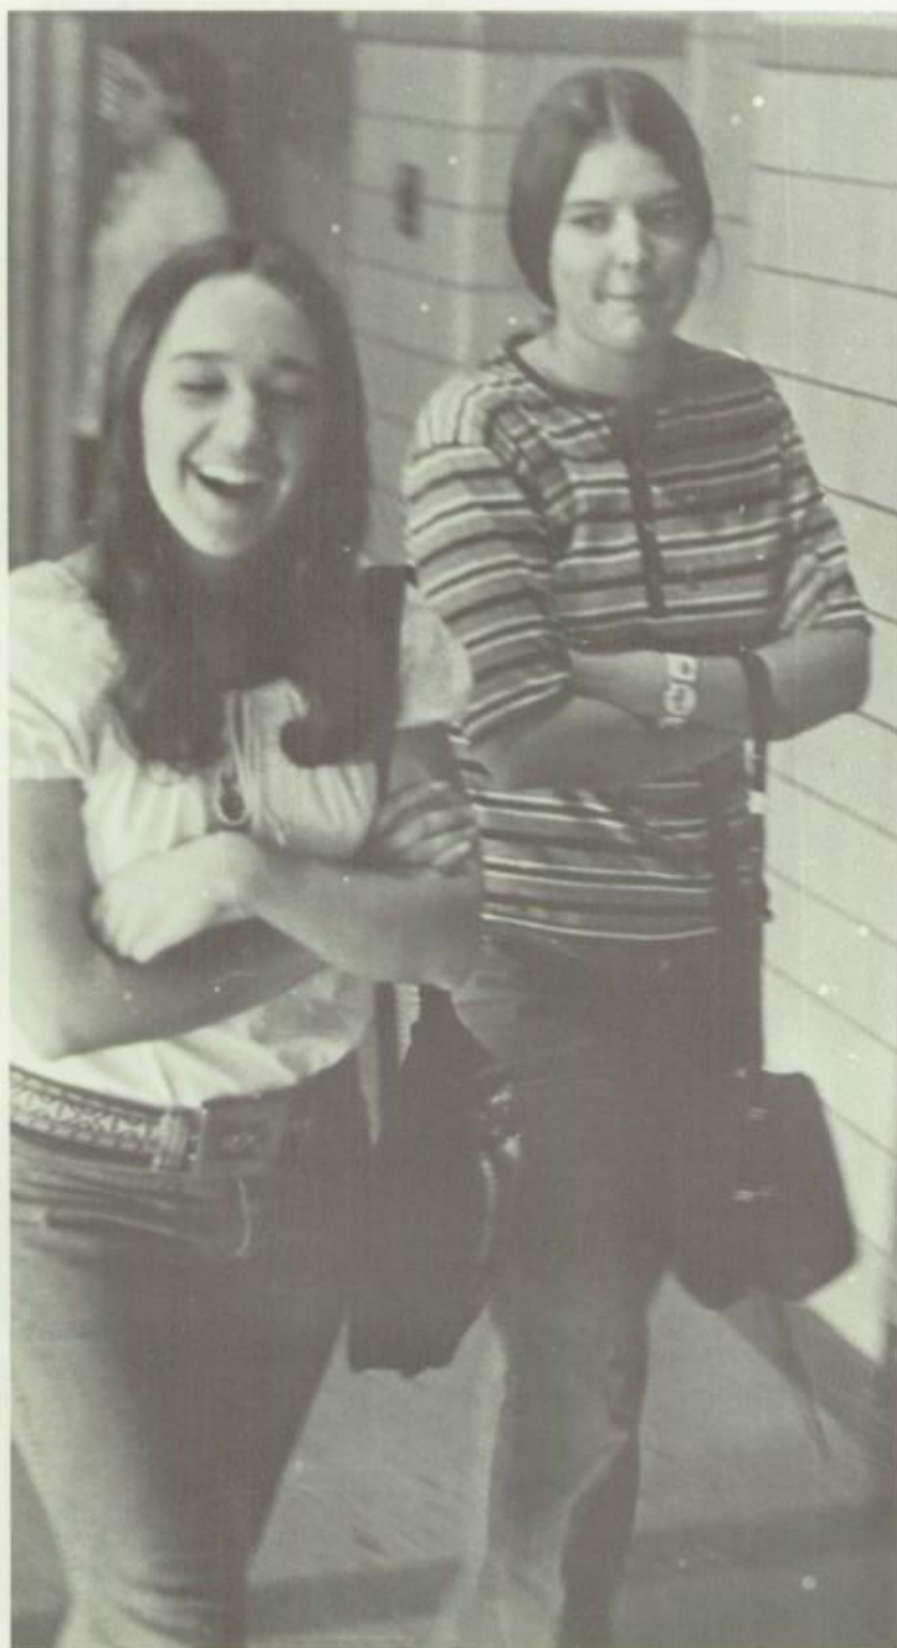

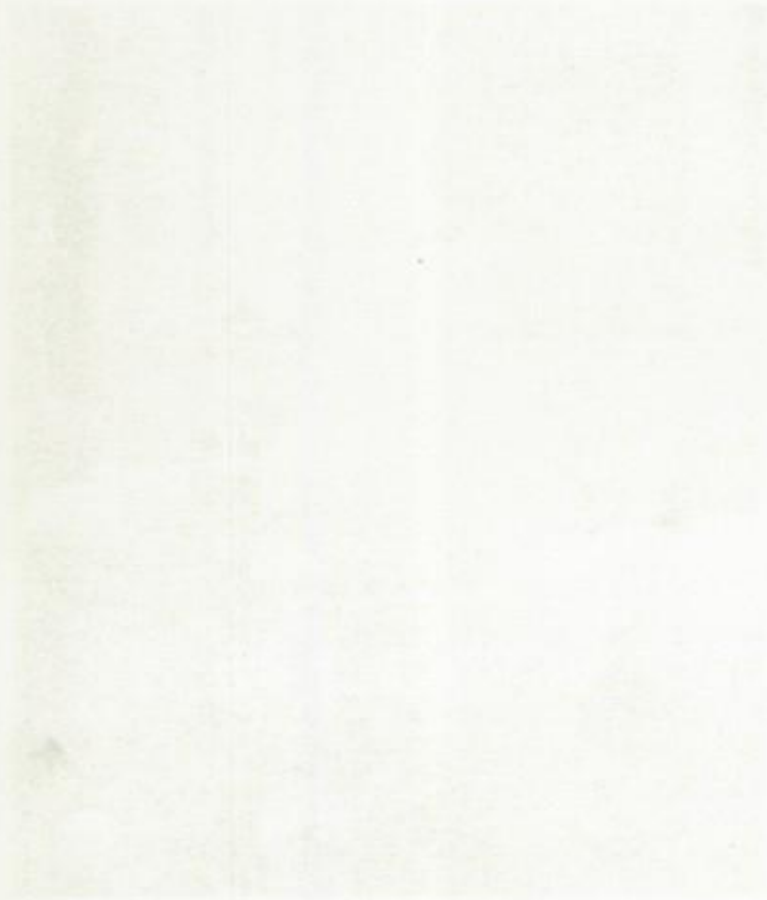

all of the fun, none of the work,  
all the victories, few of the  
disappointments . . .

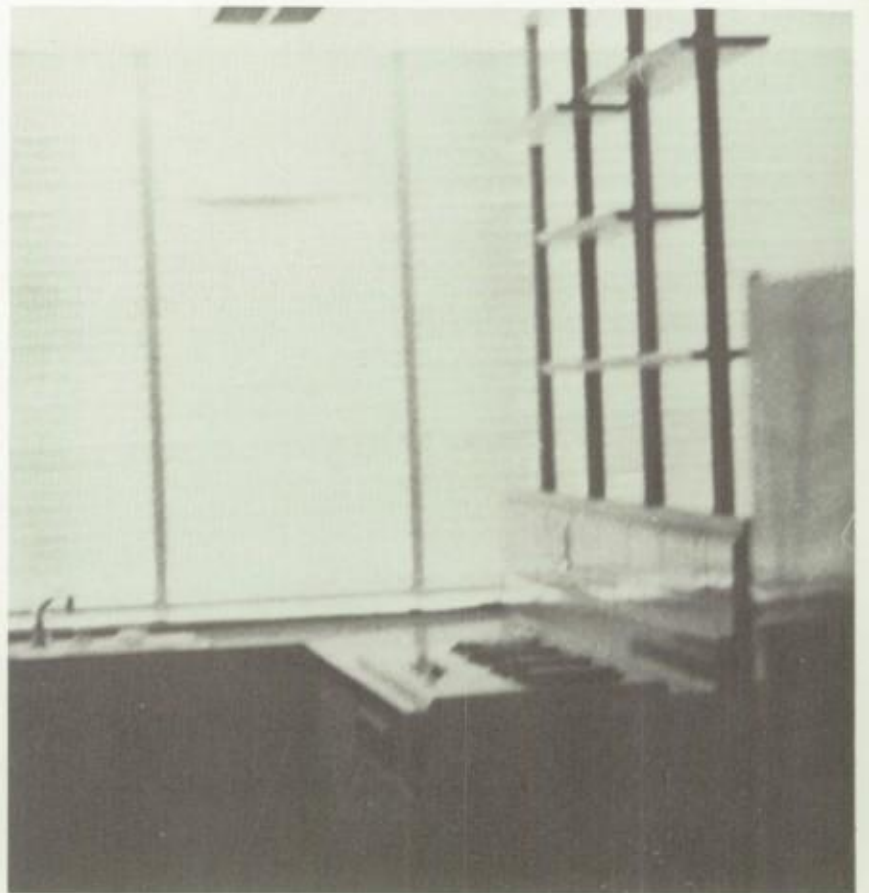

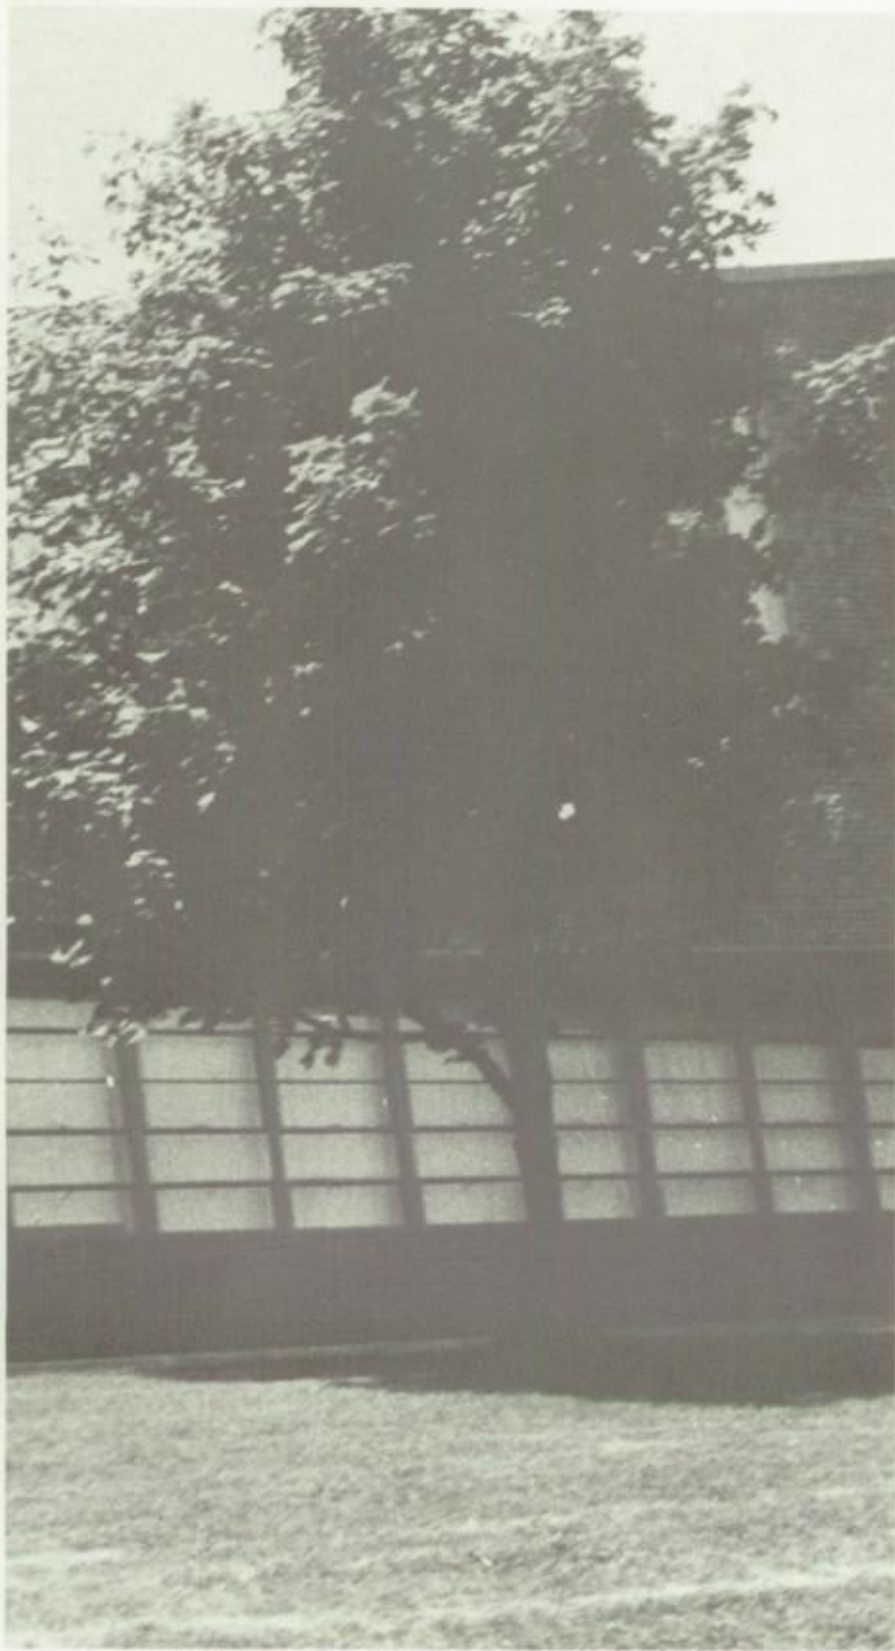

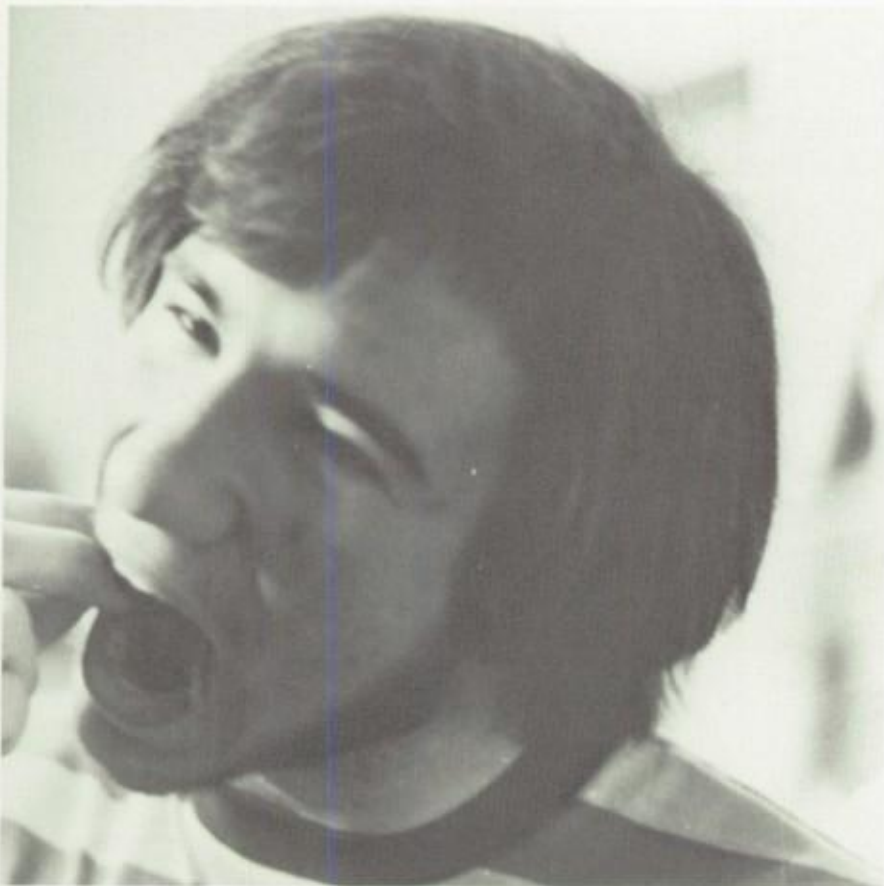

i remember all these things.

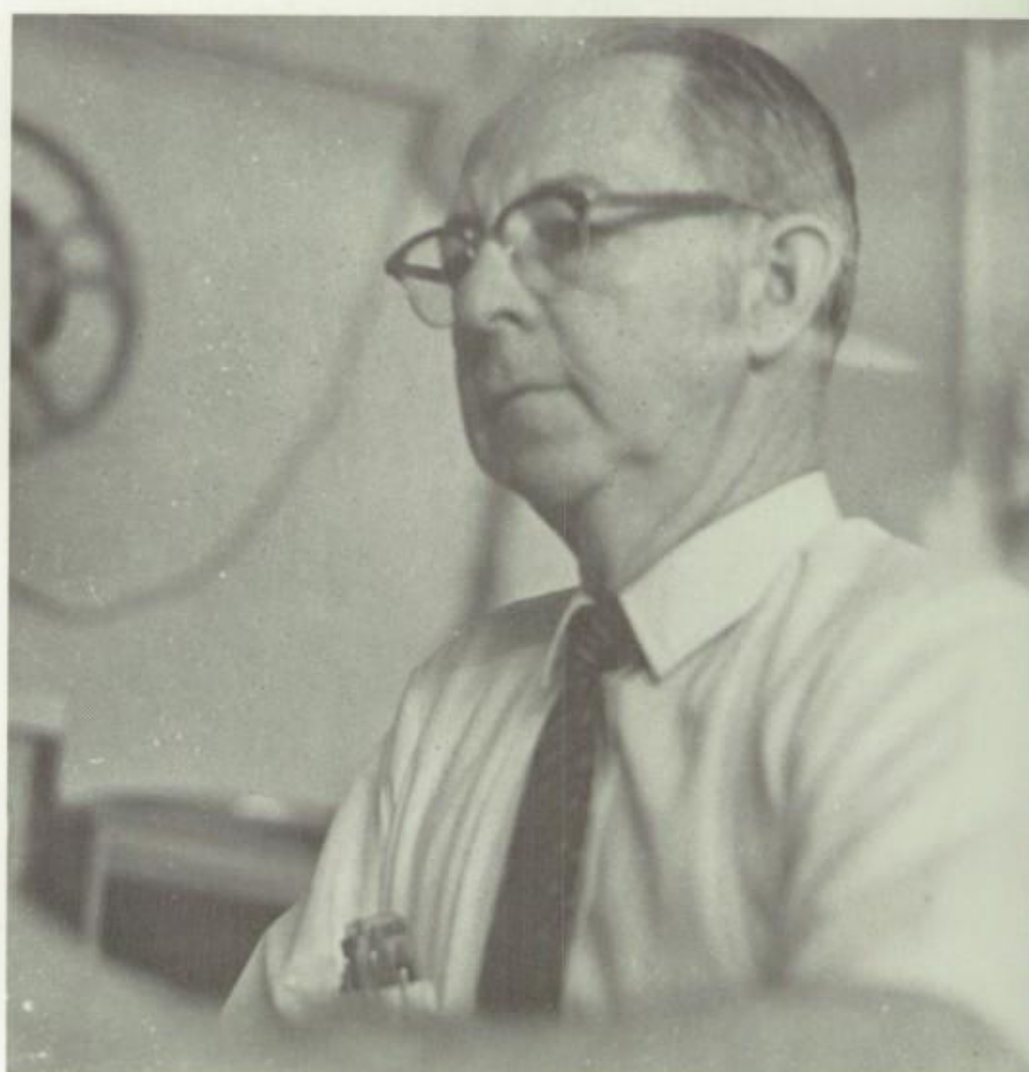

recap the years past, maybe  
or give some thought to  
what is coming up.

Mr. Arnie Voth has been a teacher for thirty-one years; twenty-eight of those years were spent here at Turner. He has taught several courses, such as, General Science, Biology, Physics, Chemistry, and Aeronautics. When asked how he felt about Turner, he said, "I feel as if I have 'grown up' with Turner High School. I have seen this school grow from an enrollment of less than three-hundred, to over one-thousand, one-hundred students. Our graduates have found their place in society in many diverse occupations. We have a school with great potential, offering a real challenge to our youth. I have enjoyed my years of teaching here, with its many rewarding experiences. There also have been some disappointments. With mixed emotions I leave Turner High School and a profession which has meant so much to me."

Mr. R'Leigh Bell is one of our Driver Education instructors here at Turner. He has also taught Industrial Arts, Wood Working, and General Shop, Mechanical Drawing, Girls Household Mechanics, Math, Science, and has taught at two elementary schools. He says he thinks the most rewarding thing about teaching is when he meets a former student and he or she remembers specific things about what they have learned in his class. He also says, "There are many things about Turner High School of which I shall always remember and be proud, but mostly it will be the students with whom I've been associated. I am glad to have been a teacher in this school and I wish all the Turner High School students the VERY BEST in the years ahead."

class of '72 wishes those who  
leave with them the best of luck.

Miss Nancy Marshall has been teaching for a total of forty-four years. Twenty-eight of those years were spent here at Turner. Looking back, the things she remembers most are her twenty years running around with the pep club, the spirit weeks at Turner, and an allnight bus ride to Salina with the championship basketball team. She has taught such courses as, Math, Office Practice, Typing, Shorthand, Bookkeeping, Business Law, Biology, Physics, Hygiene, and Vocations. "I have been associated with many fine young people. They have kept me young at heart. Many of my students have brought joy to me as they have gone out in the world to become a real asset to their community. My supervisors and co-workers have been outstanding and I thank them for helping me have a happy twenty-eight years at Turner."

Miss Keitha Peterson is our librarian here at Turner. Forty-four years of her life have been spent teaching, in which forty-two of those years were spent here. She has taught, Home Economics, Biology, and of course her librarians position. Her most memorable experience, she said, was when she tried to teach a class of Home Economics to boys. She said it was really frustrating to try to teach a group of football players some of the rules of etiquette, but in the end it was worth it. Miss Peterson said, "One cannot teach in a school system as long as I have without developing strong attachments, so although I am eagerly looking forward to retirement there is also an element of regret in leaving. The years have been enjoyable and enriching and the students of Turner High School are the 'greatest'. I'll look forward to reading fine reports of Turner High School in the future."

## Mr. Wilkins and Mr. Bolin Are Busy Serving the Students . . .

The responsibilities of the administration at Turner are many, but Mr. Robert Wilkins and Mr. E. Horton Bolin enjoy their tasks. At certain times, disciplinary action must be taken, but this must be done to protect the student body as a whole. Among their more pleasant tasks, Mr. Wilkins and Mr. Bolin attend sports events, the Junior-Senior Prom, the football banquet and many other events.

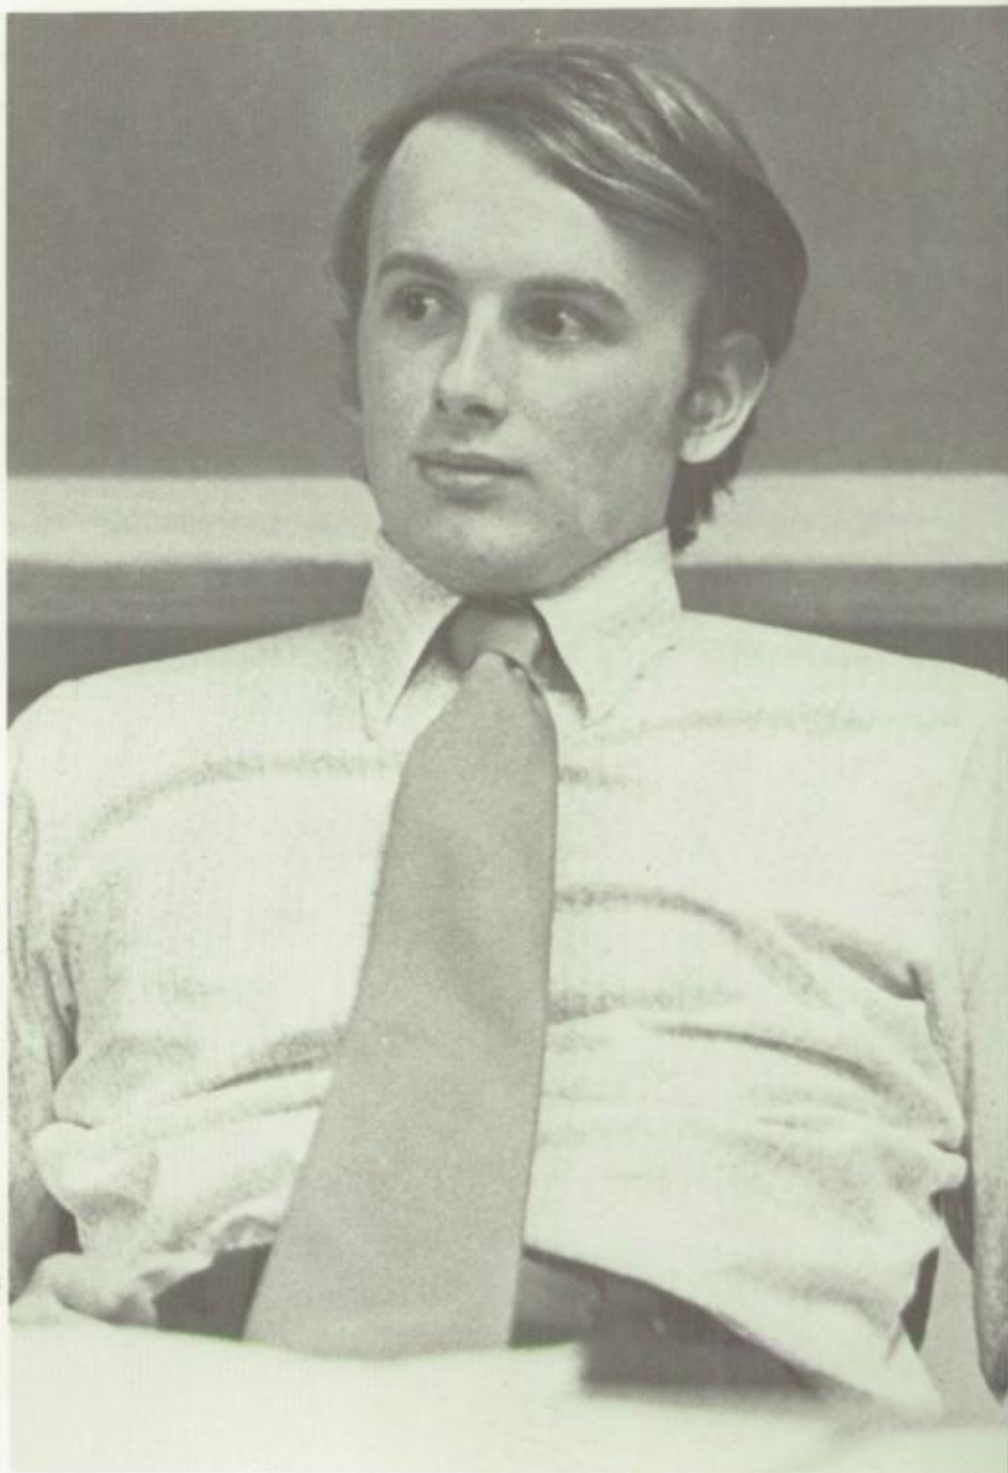

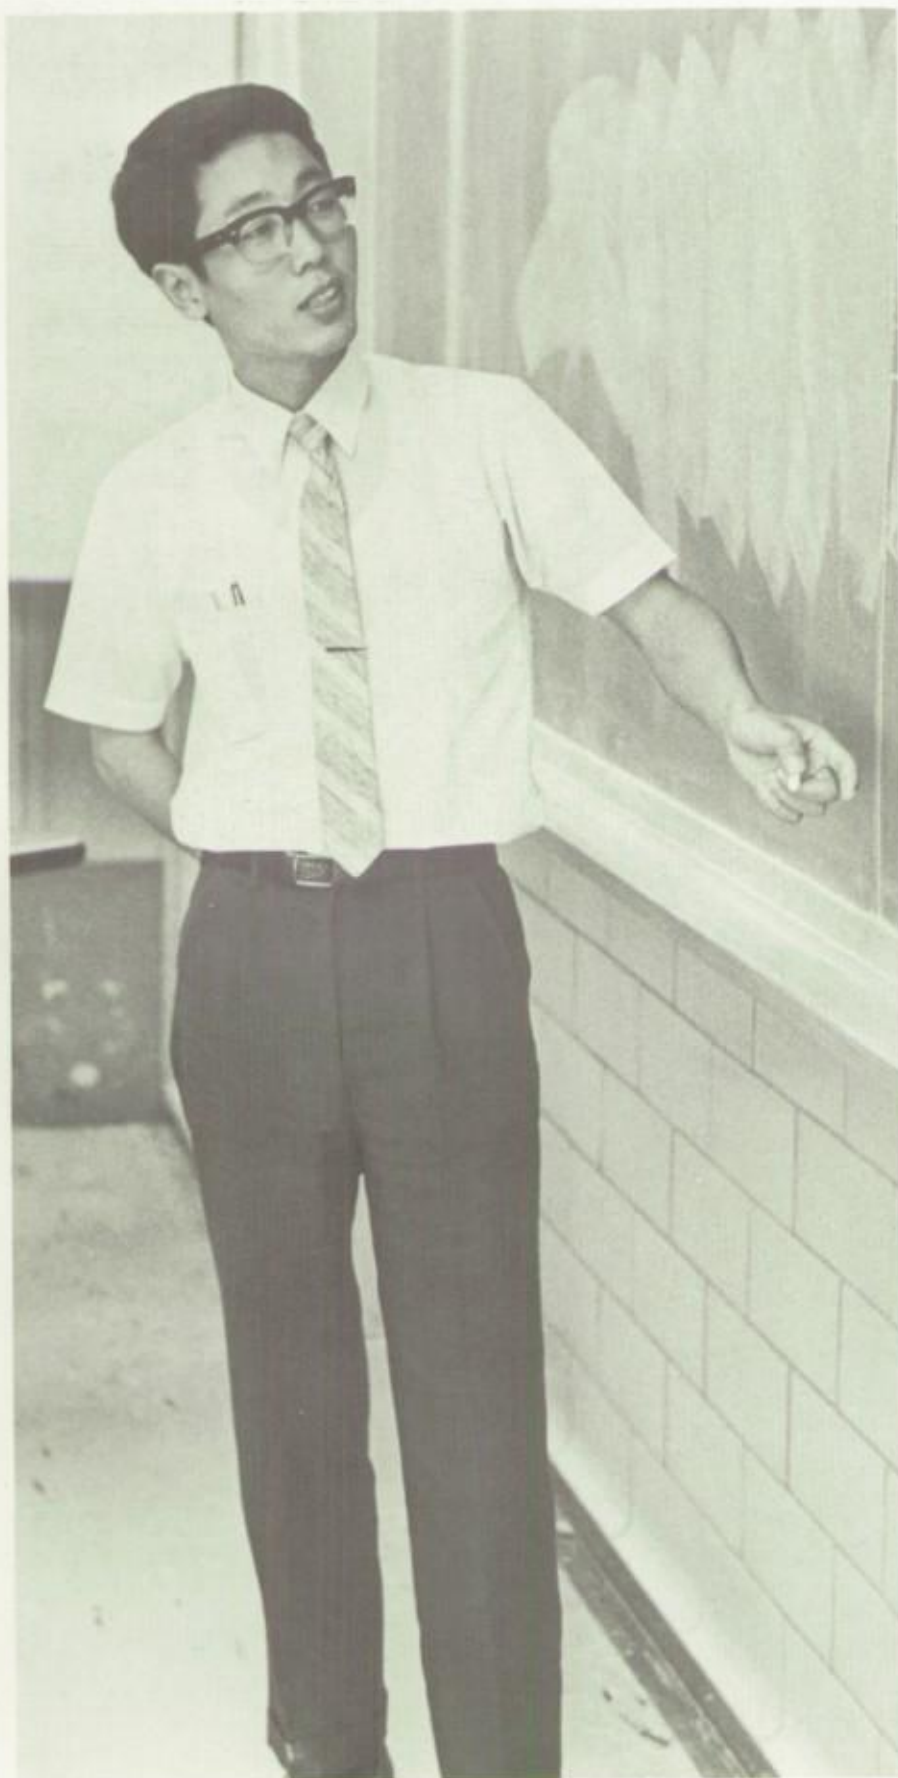

## student teacher . . .

During the first semester this year, Turner was visited by four student teachers. The first was Mr. Izumida, an English teacher from Japan. He studied the Western method of teaching as compared to his own, and shared a few of his experiences with Turner English classes.

The three student teachers from K.U. were Mr. Chris Williams, English Department; Mr. Fred Cleaver, Mathematics Department; Mr. Bruce Alstead, Science Department.

GUYS AND DOLLS is a typical love story. However, it has an unusual twist. Sky Masterson is a gambler and Sarah Brown is a mission doll. Sky and Sarah fall in love and soon he is telling his friends, "Brothers and Sisters, life is just one big crap game and Satan is playing with loaded dice."

Nathan Detroit, also a gambler, is terribly in love with Miss Adelaide, but fear of marriage keeps them engaged fourteen years. The play, however, ended in a double wedding and happiness for all.

GUYS AND DOLLS has been said to be the best musical produced on Turner stage. The acting was superb. Directing, sets, and production led to a very fine play.

the first plays of the year . . . quiet  
on set!! . . . lights!! . . . where's the  
lights!!! . . . you guys we have to have

Up The Down Staircase, was the first play of the year. The setting was at Calvin Collidge High School, which was overcrowded and understaffed. It's about a young teachers attempt to try to get the rough, hard, kids to communicate and learn. She taught them to quit reaching for a switchblade and start reaching for someone's hand in friendship. She taught them love and understanding, which most of them didn't get from home, and showed them their ability to make something better of themselves. She also learned how to love herself and that she was really needed. She also showed her fellow teacher, which was the man she loved, how to care and get involved with people.

Our actors really know how to keep everyone together.

There was a trial and Inspector Hubbard discovers the "key" to the mystery.

## kayettes—a service club

The Kayettes started off their year with a car wash. Besides making money, it looked like everyone had fun. During the year they had many projects. The Easter assembly was put on by Kayettes dressed as bunnies. Kayette of the year, announced during the Awards assembly, was Peggy Gardner. A banner was also presented during the assembly to the school by the Kayettes.

I'll remember the people; the friends I had and all the time I spent with them.

—Rita Little

I guess I'll always remember the school lunches. And, just the good times I had.

—Patty Milam

The things I'll always remember best about old THS are the people who inhabited that brick building along with me during my 3-year duration—and the lessons they taught me: more specifically, the coaches who taught me competitiveness and disappointment, the teachers (those few who really cared) who educated me, the dozen or so dedicated Stu-co members who worked for a cause I believed in, the cast of GUYS AND DOLLS who showed me so much kindness, the "B" Bunch and other female friends and the handful of guys I hung around with (especially the couple who are always there—even now) who taught me to be myself and if people don't like me then I don't need their friendship, and finally, Sister Flo and Mrs. Hansen who taught me beauty. I thank you.

—Steve Allison

I'll remember all the fun I had in biology class, dissecting those frogs.

—Charlotte Gann

I'll remember the people, my very good friends.

—Marlys Bell

I'll remember the friendliness of teachers and students, they were so easy to get along with. I was active in activities.

—Jan Hart

I'll remember the crummy lunches and the boring home-rooms.

—Sherry Williams

## remember

The things that I'll remember most about THS; first of all, I'll remember my real friends. I'll always remember the plays I became a part of and how I learned and shared with the people in them. And last, but certainly not least, that handful of dedicated teachers (they shall remain nameless because they know who they are) who taught me that beauty still exists.

—Ronda Crabaugh

I'll remember that stupid parking lot.

—Glen Spence

I think I'll remember all the great times I had with all my old friends and the wonderful experiences I had with all the new and dear friends I made here.

—Denise Jaimes

The musical this year was different from MY FAIR LADY. The songs were neater and I had a lot of duets with "SKY". I liked the one with Patty called "Marry The Man Today." I'll remember this best.

—Robin Mailberg

I remember discovering gold in people I thought I disliked, sawdust in some I thought I loved. I remember having very dear friends who happened to be teachers. I remember those whose lives have touched mine, and those whose lives I may have touched. I remember how much it hurt to say good-bye. I remember all this today, perhaps I'll recall some of it tomorrow.

—Lola Drouillard

What I remember most about Turner . . .

—Walter Turner

I'll remember all the people I met and their friendships.

—Ann Garner

. . . rings . . . onward '73'

Sometimes we all wondered why we didn't drop everything, like all our ideas for the Class of '73, and things that we planned and wanted. The teachers and other students said, "Dream on!"

We wondered if there were to many of us to do certain things. But, of course, as the Class of '73 we always came through.

We learned many things as juniors such as we must be free to be ourselves. There were many things for us to look forward to like the prom, senior rings, and—next year.

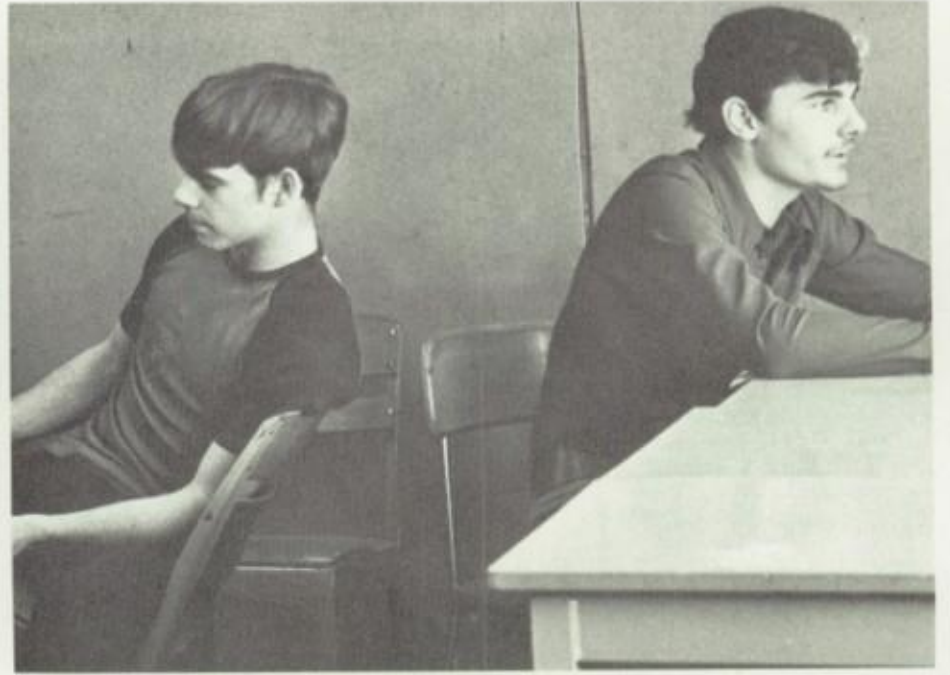

"Onward Class of '73!!!!"

I can't believe I ate that wh-o-l-e thing!

Don't You ever speak to me again!

Rita Justice, a senior at Turner this year, tragically died in an automobile accident with her fiance January 30, 1972. She will be remembered at Turner as a well-liked, fun-loving girl, who found her happiness in life through nature, animals, and children. We realize our loss but also know God's gain.

In the memory of Rita Justice, we dedicate these following senior pages.

Senior class officers are Steve Meier, president; Teresa Smith, secretary; Con DeCoster, treasurer; and Richard Leeper, vice president.

## SENIOR SONG

### GOODBYE TURNER HIGH

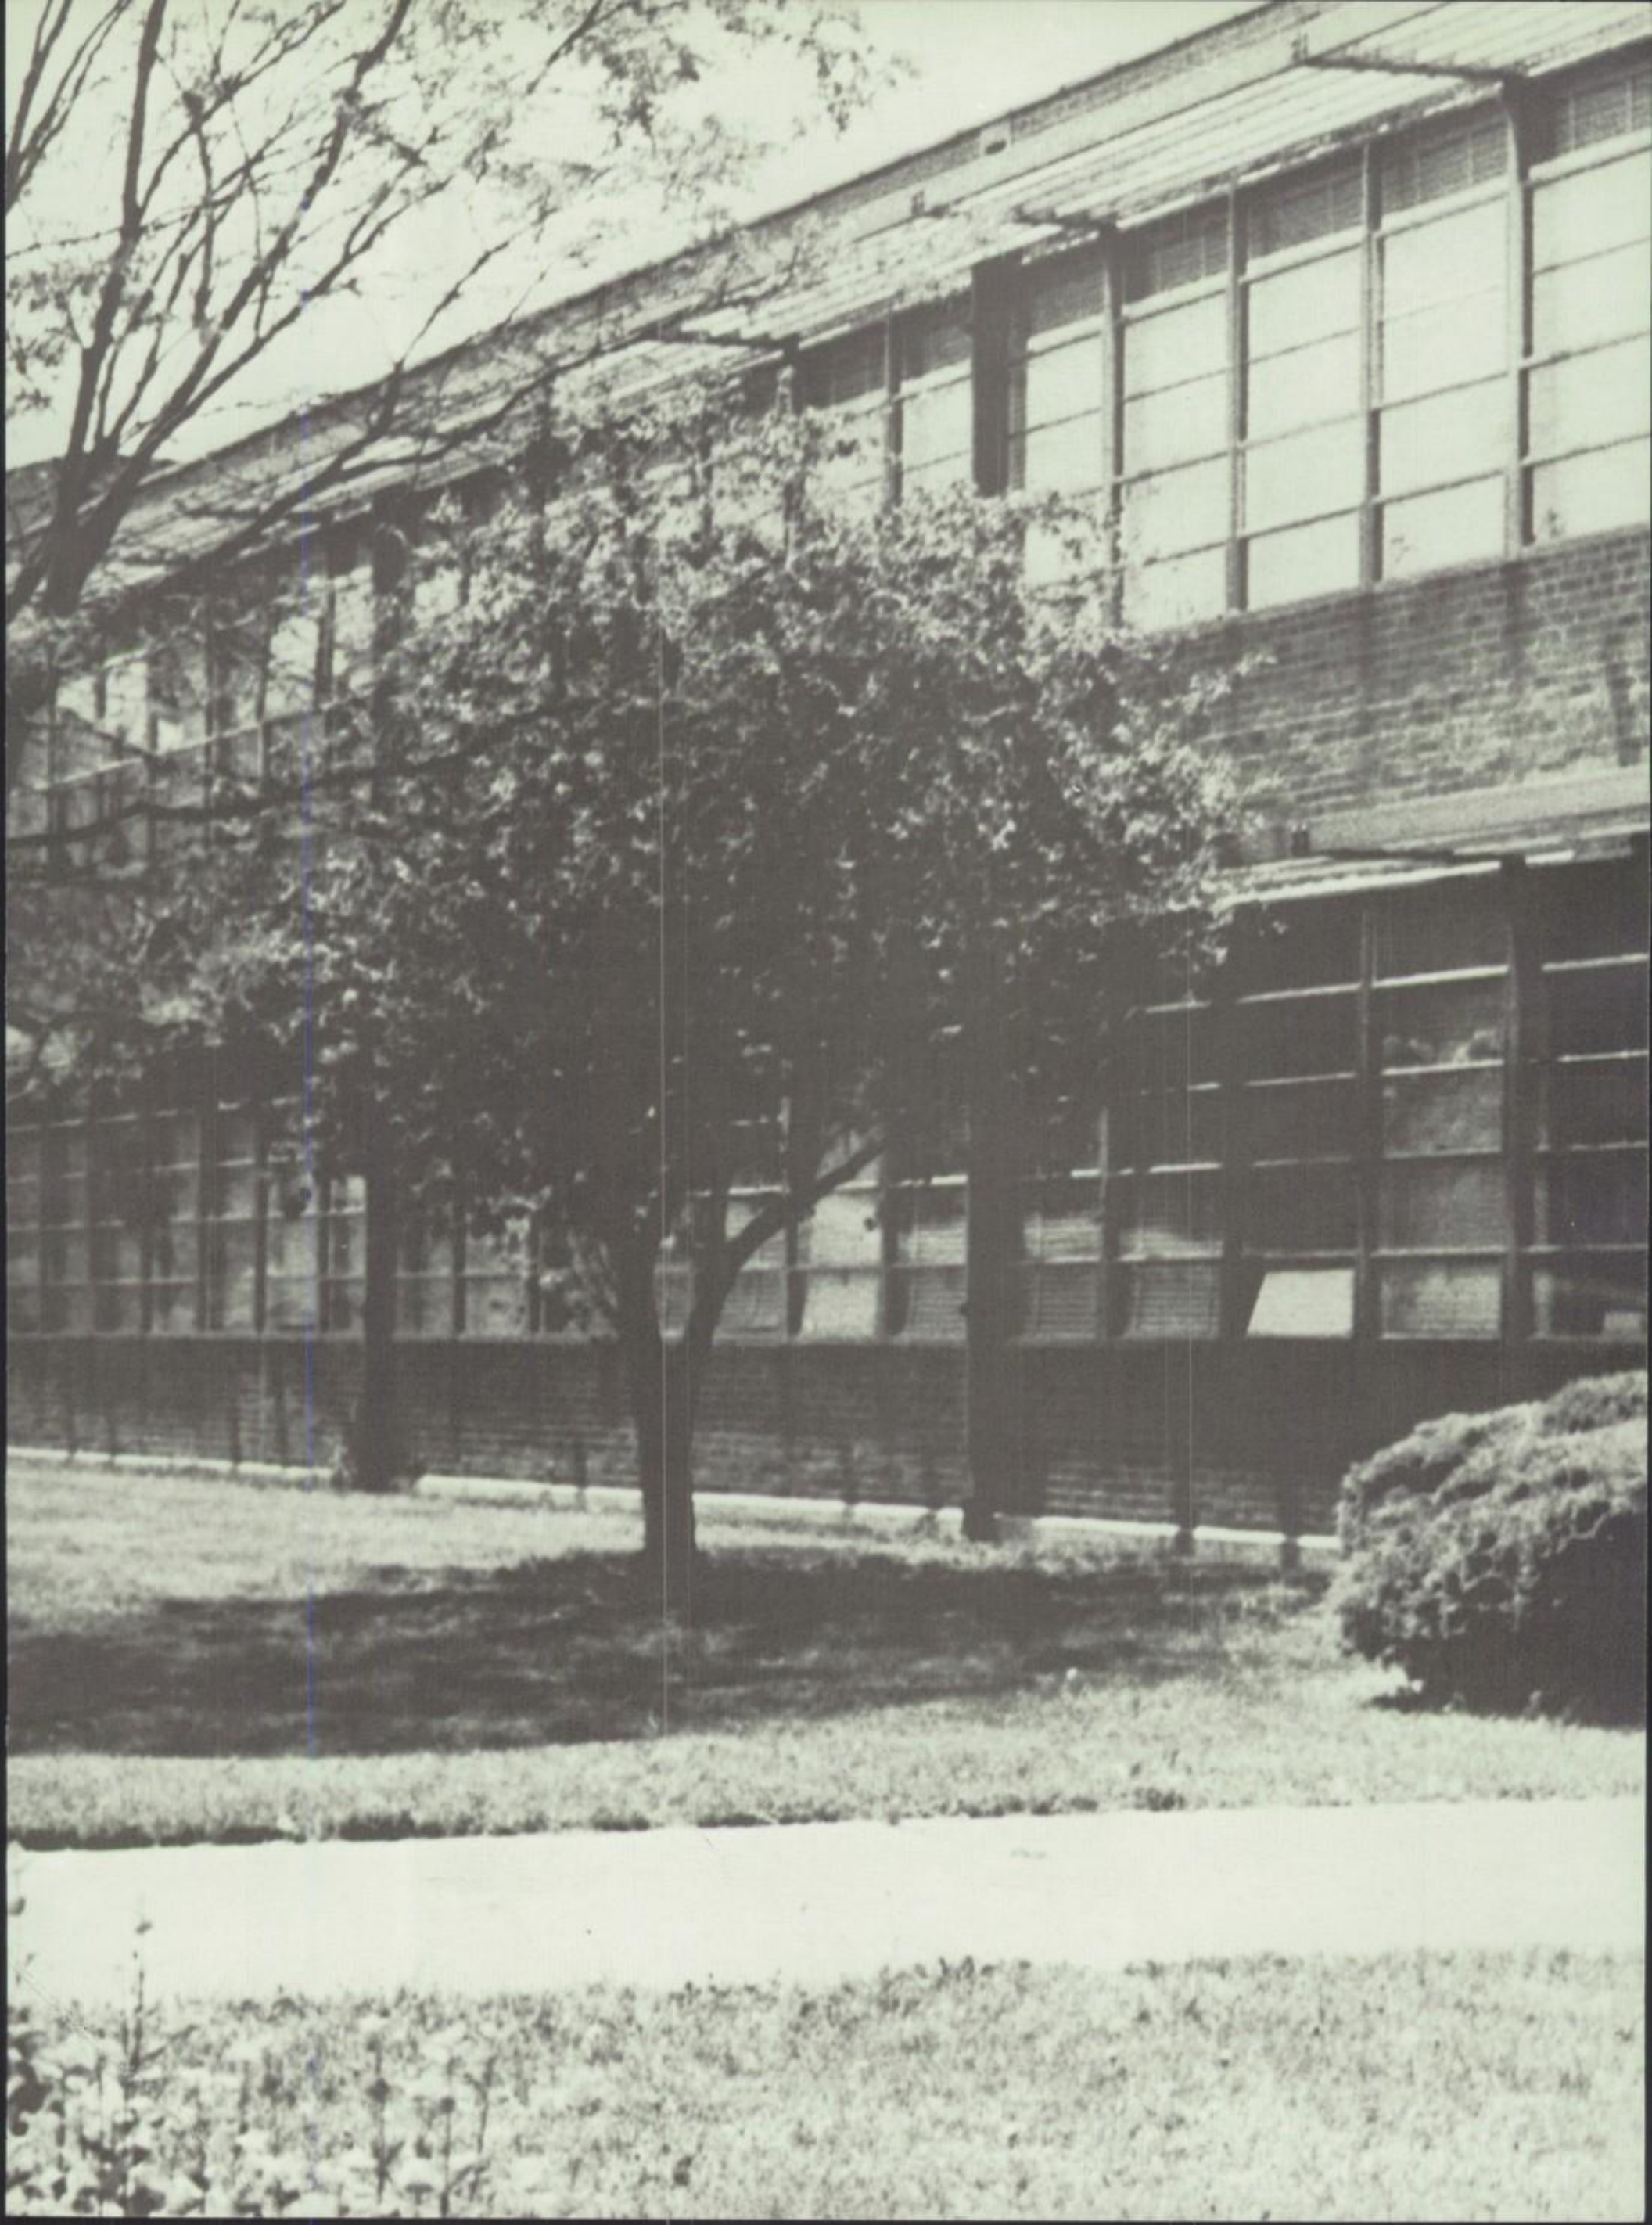

Tune: American Pie

Bye, bye good ol' Turner High  
Tried to say it, but delayed it  
Now we say it with pride  
That when we leave, we're gonna say it in stride  
Singing, those were the years that we tried.  
Those were the years that we tried.

Long, long time ago  
We can still remember how that ol' name used to make us smile  
And we know if we had our chance  
That we could make ourselves advance  
And maybe we'd be happy for awhile.  
But those classes made us shiver  
With every grade that they'd deliver  
When we got there we slept  
We can't remember if we cried  
The day we lost our Senior Pride  
But something touched us deep inside  
The day we said goodbye.

Bye, bye good ol' Turner High  
Tried to say it, but delayed it  
Now we say it with pride  
That when we leave, we're gonna say it in stride  
Singing, those were the years that we tried.  
Those were the years that we tried.

but i'll always remember these people  
forever, please write-on here.

## foreign language . . .

. . . Pardonez-moi, Senor, I keep getting them mixed up . . . French IV is indescribable . . . You're taking fourth year Spanish? Say something—"si" . . . je will if vous do . . . Rudolf the orange-nosed reindeer . . . Why can't you be like my OTHER classes . . .

Foreign language instructors are, clockwise: Mr. James Heath, Spanish II, III, & IV; Miss Harriet Dunn, Spanish I & II; and Mr. Dan Brown, French I, II, III, & IV.

This is the classic pose for all Turner Spanish teachers, really!
